——— Wyld's New Map of Syria. London, 1840.

* These beautifully executed maps will be highly prized by Oriental students, but it is greatly to be desired that such errors as Ghazní for Ghaznein, Déhli for Dihli, Himáliyá for Himálaya, &c., may be corrected in a subsequent edition. In the Persian, and still more in the Nágari map, the number of orthographical errors is very considerable.—ED.
